The pronunciation of the prayer
For New Muslims and those who cannot read Arabic

Salah in English

As-salaam-mu-alay-kum wa-roh-ma-tul-law

The purpose of this document is to help new Muslims or those who struggle to read the Arabic language to learn their Prayer. The goal is obviously to learn the Arabic language in the end and read directly in Arabic.

The problem that we have seen is that once a person becomes a Muslim then the 5 daily prayers become an obligation for them but they struggle to learn the prayer because they cannot read Arabic or a person who is born a Muslim but starts to practice their faith later in life, they have the same problem.

We have developed this document and also an audio recording of the whole prayer, step by step for the learner to listen to and repeat.

We pray to Allah that this document helps those who read it and benefits them to at least come closer to their goal of learning the prayer.

The recording to accompany this document which guides you step by step through your prayer is available on www.loveforquran.com. The recording is in course 1 'Your prayer made easy'. Go to the audio and click on the recording named 'Full Prayer Recording'.

Shukran
